## Work Ethic Seal

### **Participation**

Participation in the Work Ethic Seal program is entirely voluntary and is the responsibility of the student. Enrollment applications must be completed shortly after the start of the student's senior year and criteria must be met by the end of the third quarter. Contact the school's Guidance Counselor for an application and exact dates.

### **Work Ethic Seal Program**

Part of the mission of education is to prepare students for the transition from school to work and life beyond the classroom. A strong work ethic is essential to our students if they are to secure and maintain successful meaningful employment.

Team Taylor County, working with local business, industry and the local

school systems, has developed the Work Ethic Seal program. This program has specific criteria to identify these students whose hard work, attendance and extracurricular activities distinguish them from the norm.

Students receiving this recognition should have an advantage when seeking employment as it easily identifies potential employees with a demonstrated work ethic. Listed on college applications, it shows that the student has learned the value of active participation in school, and identifies the student as one who will regularly attend class and work hard at their education; qualities which make the student much more attractive to colleges and universities.

Students earning this recognition will have the Work Ethic Seal permanently affixed to their transcript, receive a turquoise cord to wear at graduation, and be eligible to receive a scholarship.

### **Scholarships**

Four scholarships will be given to students from each participating high school who complete the Work Ethic Seal program. Campbellsville University is offering a \$500 scholarship to two students who choose to attend Campbellsville University and Team Taylor County is sponsoring two \$500 scholarships—one to a student going to a two-year technical school and one to a student attending a four-year college—that can go to the school of the students choice.

### **End-of-Year Recognition**

Students will be recognized individually and receive a certificate and cords during the class night ceremony.
